## DENON AVR-S660H

### 5.2ch 8K AV receiver with voice control and HEOS® Built-in

Denon AVR-S660H 5.2ch 8K AV receiver with 75W per channel fully supports Dolby TrueHD, Dolby Surround, DTS-HD Master Audio and DTS Neo:6. It supports the latest HDMI specifications such as 8K/60Hz, 4K/120Hz pass-through VRR, ALLM, HDR10+ and eARC support.

#### HIGHLIGHTS

High-performance discrete 5-channel amplifier

Full 8K/60Hz and 4K/120Hz support

Surround yourself in the sound of your favorite movies, games and music

Enhanced Audio Return Channel (eARC) HDMI support

The latest in video compatibility

The next generation in movie immersion

The latest in gaming experiences

Works with your favorite voice services

Wireless streaming from the most popular music services

Phono input

HEOS® Built-in wireless multi-room music streaming technology

#### YOUR BENEFITS

Delivers maximum performance and 75W per channel (8 ohms, 20Hz-20kHz, THD: 0.08%, 2 ch. driven) to provide the classic and dynamic Denon sound experience.

With the latest HDMI support, enjoy 8K quality video from your 8K source devices. Three 8K inputs and one output allow for 8K/60Hz and 4K/120Hz pass-through. 8K upscaling is available on all six HDMI inputs.

Utilize Dolby TrueHD and DTS-HD Master Audio formats or their up-mixers Dolby Surround and DTS Neo:6.

Through the HDMI output, connect your TV with eARC HDMI support to allow uncompressed audio formats like Dolby TrueHD and DTS-HD Master Audio directly from your smart TV app to your AV receiver.

The latest HDR format support including HDR10, HDR10+, HLG, Dolby Vision, as well as Dynamic HDR, to provide the greatest picture quality for brightness, clarity and contrast.

With 8K/60Hz pass-through and upscaling, Dynamic HDR and Quick Media Switching (QMS), enjoy crystal clear picture in the highest quality available.

With 4K/120Hz pass-through, Variable Refresh Rate (VRR), Auto Low Latency Mode (ALLM) and Quick Frame Transport (QFT), enjoy your gaming experience with amazing imaging, as well as reduced lag and latency.

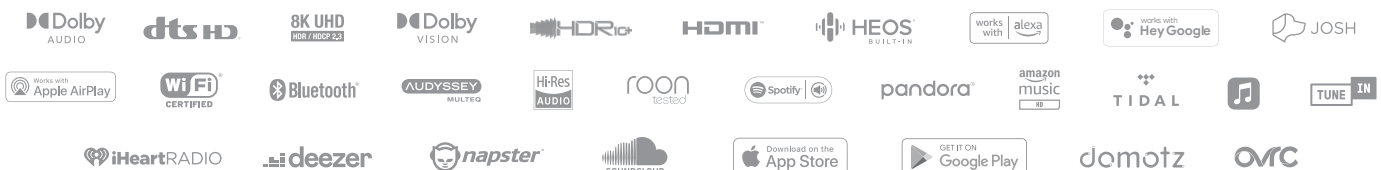

Use your voice to control the AVR-S660H and wireless music services hands-free with Amazon Alexa, Google Assistant, Apple Siri, and Josh.ai.

Enjoy all of your favorite music services like Spotify®, Pandora®, Amazon Music HD, TIDAL, SiriusXM, Deezer and more. The AVR-S660H also lets you enjoy your music via AirPlay 2, letting you stream your favorite tracks from Apple Music.

With the included phono input, the AVR-S660H lets you connect your turntable and play your favorite vinyl records. Enjoy your collection with exceptional quality and sound.

Listen from any room for a connected, whole-home audio experience. The AVR-S660H also works with the newly introduced Denon Home speakers to let you enjoy a whole-home audio experience.

#### SINCE 1910 | DEFINING AUDIO EXCELLENCE

### Ultimate home theater experience – 8K ready

The AVR-S660H delivers a breathtaking home theater experience with 8K/60Hz and 4K/120Hz pass-through, as well as support for the latest HDMI specifications. The new AVR-S660H lets you build a 4K home theater today and gives you the comfort of knowing that your AV receiver is 8K ready when you are. Enjoy high quality surround audio and video for demanding entertainment needs.

### Powerful 5-channel amplifier with the latest home cinema specs

Featuring discrete high-current amplifiers on all channels, the AVR-S660H delivers high-power performance of 75W per channel (8 ohms, 20Hz-20kHz, THD: 0.08%, 2 channels driven). Low impedance drivers provide operational stability for a wide range of speakers for balanced, tonal sound. Upgrade your expectations in home theater entertainment.

### Full surround sound experience

Enjoy Dolby TrueHD, Dolby Surround, DTS-HD Master Audio and DTS Neo:6 sound. Set up a 5.2 surround system and listen to native audio streams like Dolby TrueHD or DTS HD Master Audio from Blu-ray, streaming services and TV or get standard stereo signals up-mixed by Dolby Surround or DTS Neo:6 to enjoy movies, games and music that surrounds you.

### Advanced 8K HDMI video section and support for various HDR Formats

The AVR-S660H features an advanced HDMI section (6 in/1 out) with three 8K inputs that will support 8K/60Hz and select 4K/120Hz video pass-through sporting 40Gbps. All HDMI inputs feature 4:4:4 Pure Color sub sampling, HDR10, HDR10+, Dolby Vision, Hybrid Log-Gamma (HLG), Dynamic HDR, 3D, and BT.2020 pass-through support. Enjoy 8K upscaling as well as HDCP 2.3 processing to play copyprotected content.

### Enhanced Audio Return Channel (eARC) support

The main output of the AVR-S660H supports eARC (enhanced Audio Return Channel) to enable uncompressed audio transmission directly from your smart TV apps to your AV receiver.

### The latest technology in movie experiences

The new AVR-S660H brings the latest technology available to your entertainment. Enjoy movies in unrivaled clarity thanks to 8K with 8K/60Hz pass-through and upscaling, as well as the latest in AV receiver technology like Dynamic HDR and Quick Media Switching (QMS), which eliminates video delay in movies.

### The next generation in gaming

The new AVR-S660H, takes gaming to its full potential. Enjoy 4K/120Hz pass-through, as well as Variable Refresh Rate (VRR), Quick Frame Transport (QFT), and Auto Low Latency Mode (ALLM), which reduces or eliminates lag and frame tearing for a smoother, lag-free gaming experience.

### Works with your favorite voice services

Use your voice to control the AVR-S660H and wireless music services handsfree with Amazon Alexa, Google Assistant, Apple Siri, and Josh.ai. Apple AirPlay 2 Built-In Use AirPlay 2 to stream Apple music to the AV receiver, or group with other AirPlay compatible speakers to fill your home with music.

### Built-in Bluetooth and Wi-Fi capability

Ready to serve as the heart of your wireless network, the Denon AVR-S660H comes with an advanced dual antenna transceiver system for robust streaming even in congested urban environments. Enjoy listening to your favorite audio content wirelessly from your smart devices.

### HEOS Built-in multi-room streaming

Enjoy your favorite music in any room of your home wirelessly with HEOS Built-in technology, supporting free and premium Spotify, Pandora, Amazon Music HD, Tunes, SoundCloud, SiriusXM, TIDAL and more. Also works with Amazon Alexa, Google Assistant, Apple Siri and Josh.ai to provide incredible sound for all your home entertainment. Connect your Denon Home speakers for a whole-home audio experience. (Not all music services available in all regions.)

### High-resolution audio support

Enjoy superb audio fidelity for your favorite high-resolution audio tracks. The AVR-S660H features premium 32-bit D/A converters allowing for high-resolution audio decoding with lossless file types including ALAC, FLAC and WAV at up to 192kHz/24bit. It is also compatible with 2.8/5.6-MHz DSD files (the audio coding format of SACD) and supports file types such as MP3 and WMA. Play files from memory devices via the front panel USB, or over network sources.

### Phono input for turntable/vinyl support

With the built-in phono input, the AVR-S660H lets you connect your turntable and play vinyl records. Enjoy your vintage collection with exceptional quality and sound.

### Dual subwoofer outputs

Immerse yourself in evenly distributed, accurate bass. The AVR-S660H features two subwoofer outputs to smooth out low frequencies and provide better dispersion. No audible peaks or dips – just powerful, room-filling bass.

### Bluetooth audio transmission

Enjoy your favorite audio without waking your whole home by transmitting the audio coming from your AV receiver to your Bluetooth headphones. The AVR-S660H even allows you to play the audio on both Bluetooth headphones and connected speakers simultaneously. If you have a family member or a friend who is hearing impaired, we recommend this setup.

### “Roon Tested” certified

All new Denon AV receivers are now Roon Tested. Get more out of your digital music library with searchable, surfable information about your favorite artists and songs. Find lyrics, concert dates, photos, bios, reviews and more.

### Quick selects for user-friendly audio tuning

The Denon AVR-S660H front panel features four Quick Select buttons that store your preferred audio settings for each source. Switch between TV audio, Blu-Ray, media players and more, and the AVR-S660H adjusts the EQ settings to your preferences for that media source. Use the buttons on the front panel or opt for the same Quick Selects on the AVR remote for faster control.

### Easy setup and automatic HDMI rename

Once you connect your TV to the AVR-S660H via HDMI, the exclusive Denon Setup Assistant appears on your TV screen to walk you through setup, step by step. Also, on the back of the AV receiver, a row of color-coded speaker connections laid out horizontally make organizing and connecting speaker wires simple. The AVR-S660H will rename HDMI inputs automatically when connected or you can rename manually for your convenience.

### Denon AVR remote for seamless control

Better control in your back pocket. The free Denon AVR Remote for iOS and Android makes using the AVR-S660H even easier – adjust volume, turn it on or off, mute the music, select a source or switch to HEOS. Download the free Denon AVR Remote to your smartphone or tablet today.

### Audyssey room correction

The AVR-S660H features the Audyssey MultEQ room acoustic measurement system to precisely analyze the output of each speaker to optimize every channel. The additional Audyssey MultEQ Editor app (available for purchase) allows advanced users to go “under the hood” for further adjustment and customization of your audio environment. The app is available for both iOS and Android.

Technical Information	
Number of Power Amps	5
Power Output	75 watts per channel (8 ohms, 20Hz-20kHz, THD .08%, 2ch driven)
	100 watts per channel (6 ohms, 1kHz, THD .7%, 2ch driven)
	150 watts per channel (6 ohms, 1kHz, THD 10%, 1ch driven)
	135 watts per channel (6 ohms, 1kHz, THD 1%, 1ch driven)
Speaker Impedance	4-16Ω/ohms
Preamplifier Section	
Input Sensitivity/Impedance	200mV
Frequency Response	10Hz-100kHz - +1, -3 dB (Direct Mode)
S/N Ratio	98dB (IHF-A weighted, Direct Mode)
FM Section	
Tuning Frequency Range	87.5-107.9 MHz
AM Section	
Tuning Frequency Range	520-1710 kHz
General	
Power Supply	120V/60 Hz
Power Consumption	340W (Standby 0.1W, CEC standby 0.5W)
Power Consumption (No Sound)	29W (ECO Mode On) 39W (ECO Mode Off)
Maximum Dimensions (WxDxH)	
Antenna:Horizontal (in)	17.1 x 13.3 x 6
Antenna:Vertical (in)	17.1 x 13.3 x 8.5
Carton Dimensions (Packaging) (WxDxH) (in)	20.6 x 17.1 x 9.1
Weight (lbs)	17.2
Weight (Packaging) (lbs)	21.4
